ChromaDex is the leading provider of phytochemical reference standards, botanical reference materials, and research grade materials for the natural products industry. In 2017, we also started selling our flagship ingredient Nicotinamide Riboside as our branded consumer product called Tru-Niagen. Today, we continue to stay true to our DNA; providing close to 2,000 phytochemicals and 400 botanical reference materials in our catalogue. Our Phytochemical and Botanical standards are used in a variety of different market segments such as:

- Dietary Supplements
- Food & Flavors
- Pharmaceutical
- Biopharmaceutical
- Herbs, Botanicals, Extracts, Essential Oils
- Hemp/CBD/Cannabis
- Skincare/Cosmetics

All of our Phytochemicals are available in a library plate format. We also provide contract R&D Services - extraction, isolation, purification and characterization of various natural products. We look forward to working with you and your colleagues on your next research project.

The background of the entire page is a close-up photograph of botanical elements. It features several bright green, serrated leaves and clusters of small, yellow, star-shaped flowers with prominent stamens. On the right side, a portion of a glass jar filled with thick, golden-brown honey is visible. The overall composition is natural and vibrant, with a soft focus effect.

Botanical Libraries

We provide a service to the drug screening and development work that you may be performing in your organization. All our reference standards are available in a custom plate format in any variation you need, well plates (12,24,48,96) or individual vials. We also can provide the full list of inquiry compounds that are available to be used in a plate format. We are your source for Natural Products screening and development!

A person wearing a blue lab coat is using a blue pipette to transfer liquid into a small vial. The background is a blurred laboratory setting with various glassware and equipment.

Contract Services

ChromaDex has acquired a wide range of experience and expertise in the natural products area. Our base in isolation of reference standards, reference material development, and analytical testing has led to the formation of a world class team of Natural Product Chemists, Analytical Chemists and Pharmacognosists. ChromaDex Contract Research Services can help customers solve a wide variety of challenges, from sourcing appropriate raw materials and identification of new compounds to process development for large scale manufacture. Some examples of contract research services include:

- Target compound isolation
- Botanical sourcing & compound identification via MS or NMR
- Synthetic chemistry
- Process development

This Contract Research Service is ideal for any organization that wants to leverage the experience of our expert team to solve problems or to aid in the development of new products.

Botanical Reference Materials

Botanical Reference Materials (BRMs) are well characterized materials sampled from specific plants and plant parts. ChromaDex offers a product line of Botanical Reference Materials (BRM) to provide users with the tools necessary to better evaluate botanical raw materials. BRMs are typically freeze-dried and ground plant material. Their Certificate of Analysis show an HP-TLC test method, profile image, and may also include macro and microscopic images. ChromaDex offers a wide range of BRMs grades with varying degrees of characterization. The available grades of Botanical Reference Materials are:

- **Vouchered Botanical Reference Materials (VBRMs)** - VBRMs are highly characterized Botanical Reference Materials. The Certificate of Analysis for ChromaDex VBRMs includes acroscopic and microscopic images with HP-TLC fingerprints to confirm identity of the material. In addition, a voucher is collected at the time of harvest and the plant is visually identified. ChromaDex retains access to the full vouchered specimen that can be used for authentication later. Upon request, an image of the voucher and/or full botanical authentication at an additional cost can be supplied.
- **Botanical Reference Materials (BRMs)** - BRMs are well characterized Botanical Reference Materials. The Certificate of Analysis for ChromaDex BRMs includes both macroscopic and microscopic images with HP-TLC fingerprints to confirm the identity of the material.
- **Reagent Grade Botanical Reference Materials (RGBRMs)** - RGBRMs are Botanical Reference Materials characterized only by HP-TLC fingerprint analysis, detailed on their Certificates of Analysis.
- **Extract Botanical Reference Materials (XRM)s** - XRM)s are powdered extracts of Botanical Reference Materials from a specific plant biomass. The Certificate of Analysis for ChromaDex® XRM)s includes HP-TLC fingerprints and quantitative HPLC/GC analysis of major chemical markers. As the extraction process cannot be guaranteed, they are not a substitute for actual Botanical References Materials. XRM)s should be used along with Reference Standards to provide robust analytical results.
- **American Herbal Pharmacopoeia (AHP-BRM)s** - In partnership with the American Herbal Pharmacopoeia, ChromaDex offers several botanical reference materials as AHP verified. All AHP grade reference materials are VBRM grade reference materials that have been independently verified by the American Herbal Pharmacopoeia and will bear the AHP Verified logo. The certificate of analysis will also bear the AHP verified statement. This offers an additional level of traceability.

Part Number	Standard	Grade	Size	CAS Number	Chemical Family
ASB-00030862-005	Achyranthes (Achyranthes Bidentata) Root	RGBRM	5g		Botanicals
ASB-00030819-005	Adams Needle (Yucca Filamentosa) Root	BRM	5g		Botanicals
ASB-00031410-005	African Mango (Irvingia Gabonensis) Pit And Seed	VBRM	5g		Botanicals
ASB-00031334-005	African Mango (Irvingia Gabonensis) Seed	VBRM	5g		Botanicals
ASB-00041334-005	African Mango (Irvingia Gabonensis) Seed [Whole/Cut]	VBRM	5g		Botanicals
ASB-00031004-005	Agrimony (Agrimonia Pilosa) Herb	BRM	5g		Botanicals
ASB-00031108-005	Alfalfa (Medicago Sativa) Leaf	BRM	5g		Botanicals

ASB-00031109-005	Burdock (Arctium Lappa) Root	BRM	5g		Botanicals
ASB-00031189-005	Burdock (Arctium Minor) Seed	VBRM	5g		Botanicals
ASB-00031014-005	Butchers Broom (Ruscus Aculeatus) Root	BRM	5g		Botanicals
ASB-00030658-005	Butcher'S Broom (Ruscus Aculeatus) Root	VBRM	5g		Botanicals
ASB-00031300-005	Butterbur (Petasites Palmatus) Root	RGBRM	5g		Botanicals
ASB-00030168-005	Butternut (Juglans Cinerea) Bark	RGBRM	5g		Botanicals
ASB-00031102-005	Cabbage (Brassica Oleracea Var. Capitata) Leaf	RGBRM	5g		Botanicals
ASB-00031071-005	Cabbage Palm (Euterpe Oleracea) Fruit	VBRM	5g		Botanicals
ASB-00030390-005	Calendula (Calendula Officinalis) Flower	VBRM	5g		Botanicals
ASB-00030640-005	California Poppy (Eschscholzia Californica) Herb	VBRM	5g		Botanicals
ASB-00040640-005	California Poppy (Eschscholzia Californica) Herb [Whole/Cut]	VBRM	5g		Botanicals
ASB-00030969-005	California Poppy (Eschscholzia Californica) Whole	RGBRM	5g		Botanicals
ASB-00031113-005	Camu Camu (Myrciaria Dubia) Berries	VBRM	5g		Botanicals
ASB-00031192-005	Canadian Goldenrod (Solidago Canadensis) Flowering Tops	BRM	5g		Botanicals
ASB-00031358-005	Cancer Bush (Sutherlandia Frutescens) Herb (Aamps)	BRM	5g		Botanicals
ASB-00031123-005	Cardamom (Elettaria Cardamomum) Seed	RGBRM	5g		Botanicals
ASB-00031176-005	Cascara Sagrada (Frangula Purshiana) Bark	BRM	5g		Botanicals
ASB-00030060-005	Cassia (Cinnamomum Aromaticum) Bark	BRM	5g		Botanicals
ASB-00030649-005	Catnip (Nepeta Cataria) Herb	VBRM	5g		Botanicals
ASB-00031144-005	Catnip (Nepeta Cataria) Herb	RGBRM	5g		Botanicals
ASB-00031137-005	Catnip (Nepeta Cataria) Leaf	RGBRM	5g		Botanicals
ASB-00030981-005	Cats Claw (Uncaria Tomentosa) Inner Bark Of Stems	VBRM	5g		Botanicals
ASB-00030855-005	Cayenne (Capsicum Annuum) Fruit	RGBRM	5g		Botanicals
ASB-00031122-005	Celery (Apium Graveolens) Seed	VBRM	5g		Botanicals
ASB-00031381-005	Chaga (Inonotus Obliquus) Canker	VBRM	5g		Botanicals
ASB-00041381-005	Chaga (Inonotus Obliquus) Canker [Whole/Cut]	VBRM	5g		Botanicals
ASB-00030173-005	Chamomile (Matricaria Recutita) Flower	RGBRM	5g		Botanicals
ASB-00030692-005	Chamomile (Matricaria Recutita) Flower	VBRM	5g		Botanicals
ASB-00040692-005	Chamomile (Matricaria Recutita) Flower [Whole/Cut]	VBRM	5g		Botanicals
ASB-00030832-005	Chaste Tree (Vitex Agnus-Castus) Fruit	BRM	5g		Botanicals
ASB-00030270-005	Chaste Tree (Vitex Agnus-Castus) Fruit	RGBRM	5g		Botanicals
ASB-00030780-005	Chaste Tree (Vitex Agnus-Castus) Fruit	VBRM	5g		Botanicals
ASB-00030770-005	Chickweed (Stellaria Media) Herb	BRM	5g		Botanicals
ASB-00030960-005	Chicory (Cichorium Intybus) Root	BRM	5g		Botanicals
ASB-00030989-005	Chinese Cimicifuga (Actaea Dahurica) Rhizome	RGBRM	5g		Botanicals
ASB-00030669-005	Chinese Cimicifuga (Actaea Dahurica) Root	VBRM	5g		Botanicals

Part Number	Standard	Grade	Size	CAS Number	Chemical Family
ASB-00030671-005	Chinese Hawthorn (<i>Crataegus Pinnatifida</i>) Fruit	VBRM	5g		Botanicals
ASB-00030856-005	Chinese Hawthorn (<i>Crataegus Pinnatifida</i>) Fruit	RGBRM	5g		Botanicals
ASB-00030376-005	Chinese Licorice (<i>Glycyrrhiza Uralensis</i>) Root	BRM	5g		Botanicals
ASB-00030877-005	Chinese Licorice (<i>Glycyrrhiza Uralensis</i>) Root	RGBRM	5g		Botanicals
ASB-00030984-005	Chinese Mint (<i>Mentha Canadensis</i> Syn. <i>Haplocalyx</i>) Leaf	RGBRM	5g		Botanicals
ASB-00030791-005	Chinese Motherwort (<i>Leonurus Japonicas</i>) Herb	VBRM	5g		Botanicals
ASB-00030977-005	Chinese Rhubarb (<i>Rheum Officinale</i> / <i>Palmatum</i>) Root	BRM	5g		Botanicals
ASB-00031077-005	Chinese Salvia (<i>Salvia Miltiorrhiza</i>) Root	BRM	5g		Botanicals
ASB-00030741-005	Chinese Skullcap (<i>Scutellaria Baicalensis</i>) Cured Root	RBRM	5g		Botanicals
ASB-00030873-005	Chinese Skullcap (<i>Scutellaria Baicalensis</i>) Root	BRM	5g		Botanicals
ASB-00030876-005	Chinese Skullcap (<i>Scutellaria Baicalensis</i>) Root	RGBRM	5g		Botanicals
ASB-00030636-005	Chinese Yam (<i>Dioscorea Oppositifolia</i>) Root	BRM	5g		Botanicals
ASB-00030952-005	Chocolate (<i>Theobroma Cacao</i>) Seed	BRM	5g		Botanicals
ASB-00031018-005	Cinnamon (<i>Cinnamomum Burmannii</i>) Bark	BRM	5g		Botanicals
ASB-00030691-005	Cleavers (<i>Galium Aparine</i>) Herb	VBRM	5g		Botanicals
ASB-00030810-005	Clove (<i>Syzygium Aromaticum</i>) Bud	BRM	5g		Botanicals
ASB-00031321-005	Clove (<i>Syzygium Aromaticum</i>) Leaf	VBRM	5g		Botanicals
ASB-00031374-005	Cocona (<i>Solanum Sessiliflorum</i>) Fruit	VBRM	5g		Botanicals
ASB-00031371-005	Coffee Senna (<i>Senna Occidentalis</i>) Leaves	VBRM	5g		Botanicals
ASB-00031155-005	Comfrey (<i>Symphytum Officinale</i>) Leaf	BRM	5g		Botanicals
ASB-00030867-005	Common Plantain (<i>Plantago Major</i>) Leaf	RGBRM	5g		Botanicals
ASB-00030860-005	Coptis (<i>Coptis Chinensis</i>) Rhizome	RGBRM	5g		Botanicals
ASB-00030804-005	Coptis (<i>Coptis Chinensis</i>) Root	VBRM	5g		Botanicals
ASB-00031127-005	Cornsilk (<i>Zea Mays</i>) Stigma	BRM	5g		Botanicals
ASB-00030679-005	Cranberry (<i>Vaccinium Macrocarpon</i>) Fruit	VBRM	5g		Botanicals
ASB-00031152-005	Cranberry (<i>Vaccinium Macrocarpon</i>) Fruit	BRM	5g		Botanicals
ASB-00030983-005	Curcuma Phaeocaulis (<i>Curcuma Phaeocaulis</i>) Rhizome	RGBRM	5g		Botanicals
ASB-00036102-005	Damiana (<i>Turnera Diffusa</i>) Leaf	BRM	5g		Botanicals
ASB-00030875-005	Dandelion (<i>Taraxacum Mongolicum</i>) Leaf	RGBRM	5g		Botanicals
ASB-00030662-005	Dandelion (<i>Taraxacum Officinale</i>) Leaf	BRM	5g		Botanicals
ASB-00030180-005	Dandelion (<i>Taraxacum Officinale</i>) Root	BRM	5g		Botanicals
ASB-00030661-005	Dandelion (<i>Taraxacum Officinale</i>) Root	VBRM	5g		Botanicals
ASB-00030864-005	Depressed Plantain (<i>Plantago Depressa</i>) Seed	RGBRM	5g		Botanicals
ASB-00031126-005	Devil'S Claw (<i>Harpagophytum Procumbens</i>) Root	BRM	5g		Botanicals
ASB-00031354-005	Devil'S Claw (<i>Harpagophytum Procumbens</i>) Root	VBRM	5g		Botanicals
ASB-00041354-005	Devil'S Claw (<i>Harpagophytum Procumbens</i>)Tubers (Aamps)	BRM	5g		Botanicals
ASB-00030792-005	Dog Rose (<i>Rosa Canina</i>) Fruit	BRM	5g		Botanicals
ASB-00036121-005	Dong Quai (<i>Angelica Sinensis</i>) Root	BRM	5g		Botanicals
ASB-00030213-005	Echinacea Angustifolia (<i>Echinacea Angustifolia</i>) Root	BRM	5g		Botanicals
ASB-00030828-005	Echinacea Pallida (<i>Echinacea Pallida</i>) Root	BRM	5g		Botanicals

Phytochemical Reference Standards

Choosing the correct Phytochemical Reference Standards is essential to the success of your quality management program or research project. ChromaDex offers three different product grades to suit your technical and budgetary needs. These product grades are differentiated by the level of characterization and testing performed and reported on the certificate of analysis. The below information will guide you in choosing the right product grade for your use.

- **Primary Analytical Standards (P)** - Primary Standards are orthogonally characterized by multiple analytical techniques. These products include a complete certificate of analysis for each lot that lists adjusted (as-is) purity calculated by HPLC or GC chromatographic purity, Karl Fischer (water content), and GC (residual solvent). The identity of these standards is confirmed with Mass Spectrometry and NMR. The certificate of analysis includes analytical conditions, chromatograms, and spectra for your reference, allowing you to replicate the tests in your laboratory. When utilizing a reference standard for quantitative analysis, the best choice is a Primary Standard.
- **Analytical Standards (AS)** - Analytical Standard grade is a step below our Primary grade regarding the level of characterization reported on the certificate of analysis accompanying each lot. The purity of these products is determined by HPLC or GC chromatographic purity. Identity is confirmed by one technique, typically Mass Spectrometry. Water and residual solvent content are not reported for Analytical Standards.
- **Reagent Grade Chemicals (RG)** - Reagent Grade Chemicals are suitable as fine chemicals for many laboratories. However, they are not intended for use as reference standards. The certificate of analysis for RG chemicals contains basic physical properties, but the materials are not characterized for purity. As a result, RG chemicals are not suitable for direct quantitative use.

Part Number	Standard	Grade	Sizes	CAS Number	Chemical Family
ASB-00001540	(±)-L-Alliin	P	5mg, 10mg, 25mg	17795-27-6	Sulfinic acids

Additional Standards

Please inquire about our large line of compounds that are available upon request. These materials will be sourced and tested to the specifications that you require. Contact a salesperson today and see what additional, hard to acquire compounds we can get for your Research and Development needs. Do you have a new product you need a reference standard for? We will also work with you to generate a reference standard for your use.
